

Brand Book

INTELLIGENCE ENGINEERED

VERSION 1.0 • MARCH
2026

01. Positioning

THE MISSION

We architect advanced neural systems and high-fidelity digital infrastructure for the next generation of global enterprises.

TARGET AUDIENCE

CTOs, VP of Engineering, and digital transformation leads at enterprise-scale organizations who need production-grade AI systems—not prototypes dressed up as products.

CORE VALUES

Scale

500+ AI models deployed, \$2B+ data processed

Reliability

99.9% Uptime SLA — no caveats

Intelligence

Systems that reason, not just execute

Precision

Every pixel, every API call is deliberate

02. Logo System

PRIMARY WORDMARK

The Crescent "C"

Signifies the cyclical nature of intelligence and acting as an opening gesture to listen.

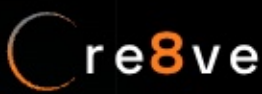

White Letterforms

Pure '#FFFFFF' in Space Grotesk 500 w/ -1 tracking. Crisp and digital-native.

The Numeral "8"

Symbol of scale and infinity in Pumpkin Hex '#FF7A1A' at size 48px to anchor the mark.

03. Color Palette

Pumpkin Orange

HEX: #FF7A1A
RGB: 255, 122, 26

Primary accent — CTAs, glows, active states, selection highlights.

Steel Blue

HEX: #4682B4
RGB: 70, 130, 180

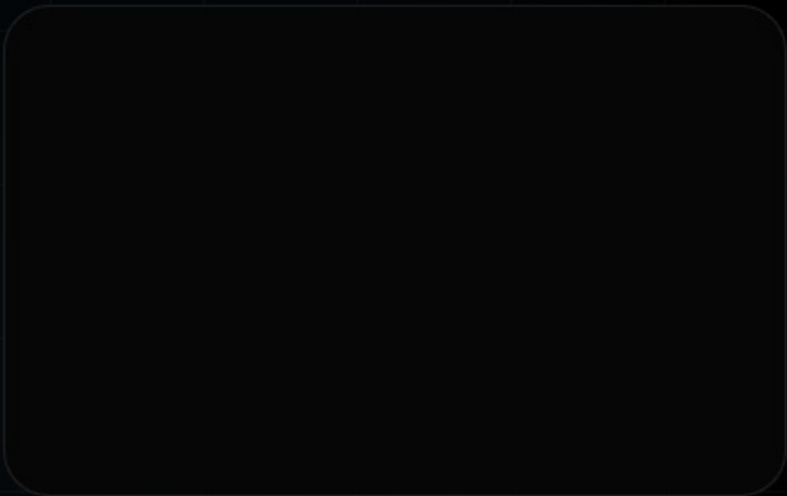

Secondary accent — gradient anchor, cool balance against pumpkin.

Pure White

HEX: #FFFFFF
RGB: 255, 255, 255

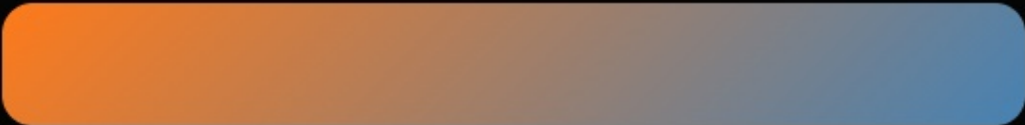

Body text, wordmark letterforms, UI copy (with strategic opacities).

Deep Black

HEX: #060606
RGB: 6, 6, 6
Card surfaces. Set against a Pure Black (#000000) master background.

MASTER GRADIENT

Orange → Steel

Linear Gradient: `135deg, #FF7A1A 0%, #4682B4 100%`
Used for CTA buttons, highlighted gradient text, and hover borders.

04. Typography

Aa Space Grotesk

Geometric, architectural, and modern. Reserved strictly for primary display headings and UI component titles.

AI SYSTEMS AT SCALE.

Aa Inter

Neutral, highly legible, screen-optimized. The backbone of all body copy and prose descriptions.

We architect advanced neural systems.

Aa JetBrains Mono

Monospace, code-native precision. Used for the machine layer: metrics, tags, system labels, and code blocks.

INTELLIGENCE ENGINEERED

OPACITY HIERARCHY

<code>text-white/95</code>	Hero display text / main focus
<code>text-white/70</code>	Input placeholders
<code>text-white/40</code>	Default body copy
<code>text-white/20</code>	Muted text, testimonies

BUTTON SYSTEM

START A PROJECT

VIEW CAPABILITIES

Primary buttons use the Master Gradient with intense drop shadows. Secondary buttons use ghost styling.

BADGES & TAGS

LIVE BADGE

UI TAG

GLASSMORPHISM COMPONENTS

01

Infrastructure

Scalable, fault-tolerant cloud-native environments built for heavy GPU-intensive compute.

AWS

KUBERNETES

LUCIDE CORE ICONS

System icons utilize Lucide Core with strict geometric rules. No fill vectors. Stroke-only, technical, sharp.

CPU

NETWORK

DATABASE

SHIELD

STROKE_WIDTH: 1.5px | ACTIVE_STATE: #FF7A1A

MOTION LANGUAGE

Animation is functional, never decorative, reinforcing the "intelligence" metaphor. Uses Framer Motion.

The Glow Pulse

Subtle ambient breathing behind hero statements and cards. Simulates machine heartbeat.

```
animate={{ scale: [1, 1.15, 1], opacity: [0.3, 0.6, 0.3] }}
transition={{ duration: 12, repeat: Infinity }}
```

Cinematic Entrance

Text and sections fade up with authority. Never springy, never bouncy. 60fps.

```
y: 30 → 0, duration: 0.8s, ease: [0.16, 1, 0.3, 1]
```

Card Hover

Magnetic lift and neon shadow reveal.

```
whileHover={{ y: -6, scale: 1.015 }}
```

BRAND VOICE PILLARS

1. Declarative Authority

We make statements. We do not ask questions, use hedges, or build up to a point. Every sentence lands.

✓ AI SYSTEMS AT SCALE. ✗ We help companies scale their AI.

2. Cinematic Scale

We frame everything at maximum scope: global, enterprise, next generation. This is not vanity — it is a signal to the right audience.

3. Quiet Confidence

We do not hype. Social proof is metric-based, not superlative.

✓ 99.9% Uptime SLA. \$2B+ Data Processed.

BRAND VOCABULARY

Architect	Build / Make	Neural systems	AI tools
Infrastructure	Backend	Autonomous	Automated / Smart
Enterprise	Business / Client	High-fidelity	High-quality

SOCIAL PROOF FORMATTING

Numbers are social proof, not bragging. Always pair a metric with what it measures. Rendered in monospace.

500+	/	AI MODELS DEPLOYED
99.9%	/	UPTIME SLA
\$2B+	/	DATA PROCESSED

TAGLINE HIERARCHY

HERO BADGE

Intelligence Engineered

CTA HEADLINE

LET'S ARCHITECT THE FUTURE.

HERO HEADLINE

AI SYSTEMS AT SCALE.

01

AI Agents

Autonomous entities designed to execute complex, multi-stage reasoning and task completion.

LLM

RAG

02

Infrastructure

Scalable, fault-tolerant cloud-native environments built for heavy GPU-intensive compute.

AWS

KUBERNETES

03

Interfaces

Minimalistic, hyper-intuitive control planes for seamless human-machine collaboration.

DASHBOARDS

CLI

LAYOUT CONSTRAINTS

Content Widths

- max-w-6xl (1152px) → Centered text sections
- max-w-7xl (1280px) → Full-bleed grids
- max-w-2xl (672px) → Body prose limit

Spacing Rhythm

- Horizontal padding → 24px (px-6)
- Section gap (Mobile) → 96px (py-24)
- Section gap (Desktop) → 160px (py-40)

PAGE STRUCTURE

The public website is restricted to four sections in strict sequence. This structure is intentional. No section shall be added without explicit strategic justification.

- 1

Hero

Brand statement, terminal, social proof.
- 2

Capabilities

Six-pillar bento grid layout.
- 3

Architecture

Neural system topology diagram.
- 4

Conversion

Testimonial, headline, email capture.
